Clean Up Australia Day volunteers in Withcott on March 3rd

Well done to all the fabulous Clean Up Australia Day volunteers in Withcott on March 3rd. Approximately 10 wheelie bins of rubbish picked up. Many Thanks to the Withcott Rural Fire Brigade members, Withcott Scout Group members and everyone who went along and did their bit to make our town cleaner. A HUGE shout out to Joe of the Withcott Hotel for very generously donating (& cooking) brunch for all the volunteers, they really appreciated it. And last but not least, thank you to Transport and Main Roads officers as well as Adam from QPS for keeping the volunteers all safe!

International Women's Day breakfast

On the eve of International Women's Day for 2024, the Lockyer Valley community came together to celebrate at the International Women's Day Celebration Breakfast. Once again hosted by Lockyer Valley Regional Council, the annual celebration of women was a full house at the Gatton Shire Hall.

Celebrated globally on 8 March since 1911, International Women's Day (IWD) presents an opportunity for both men and women to come together to show their support for this great cause. The theme for IWD 2024 is #InspireInclusion, which aims to collectively forge a more inclusive world for women.

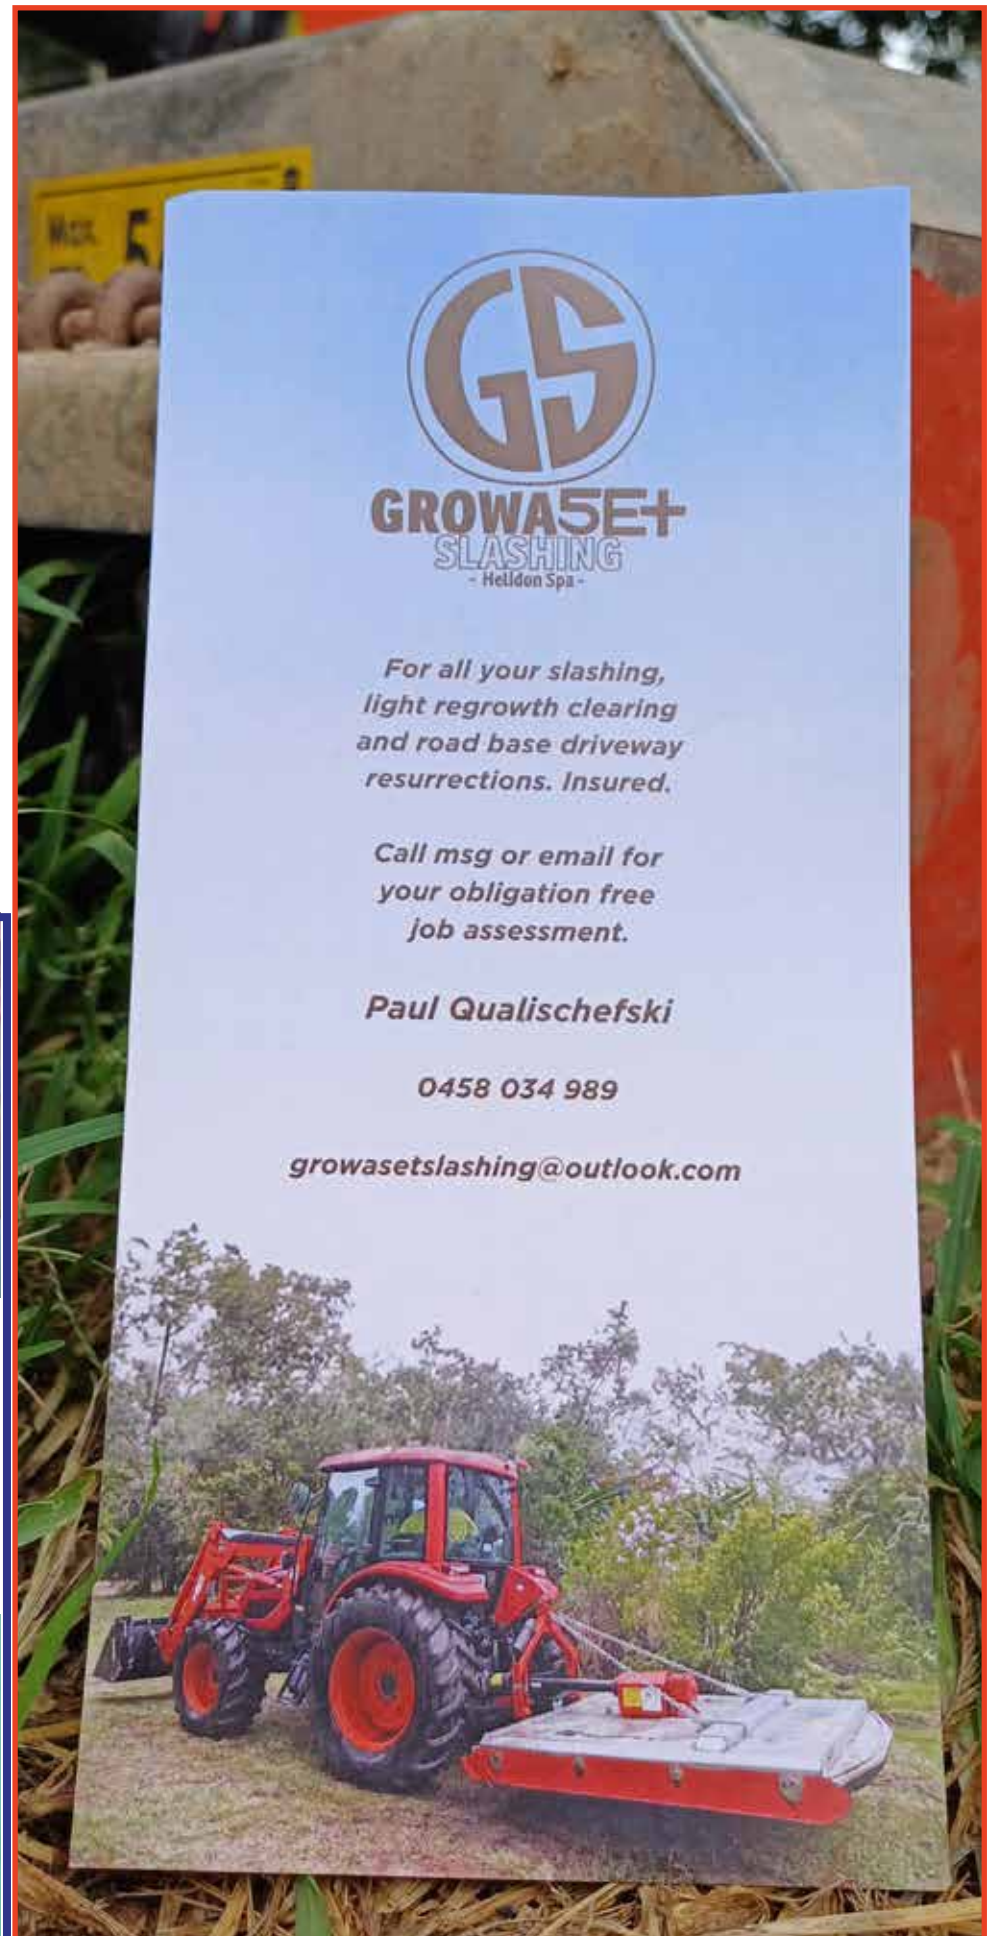

Lockyer Valley Regional Council CEO, Ian Church said this year's guest speaker had the audience captivated with the inspirational story of her charity which supports women. "Amanda Dalton has made a significant mark on the social services sector and is the Founder and CEO of Protea Place Inc. and Protea Place Women's Support Centre. "Boasting more than 20 years' experience in the social services sector, Amanda identified the need for a women's support centre in Toowoomba. "It was a wonderful experience to hear from Amanda while we reflect on the significant contributions women have made to our society. "Both men and women were in attendance, with everyone enjoying a light breakfast," he said.

Following the multi-draw raffle, \$400 was donated to Protea Place.

The Shrine.

I recently returned from a trip to Melbourne. I did lots of touristy things; one being a visit to the Shrine of Remembrance. This was amazing and very emotional. The Shrine was built from 1927 to 1934, to honour the men and women of Victoria who served in WW1, but now is a memorial to all Australians who have served in any war and for those who laboured in support of national defence in wartime. The competition for its design was 'won' by 2 local returned-soldier architects, Philip Hudson and James Wardrop; who better to plan this memorial than men who have served!

What moved me the most was the special memorial inside the main dome. It's set down into the floor about 30cms, so when people come to look at it, their heads are naturally bowed. It reads, "GREATER LOVE HATH NO MAN";

these words are taken from the Bible in **John 15:13**. Those words on the shrine are focusing on lives lost in the wars, but I find it wonderful how God's words are there for everyone, yet there would be many who gaze here and don't know **The ONE Man** who gave His life for **ALL** mankind. It brought me to tears as I stood there, head bowed in reverent silence and gratitude. If that wasn't enough, there was more to amaze!

Leading up to construction in 1927, the architects along with scientists designed a special feature to this magnificent building. There is a metal plate on the eastern side of the Shrine wall that is removed only once a year allowing sunlight to shine through a cavity into the great room where the memorial is. At 11am on the 11th day of the 11th month, that shaft of sunlight precisely strikes the word LOVE and for

11 minutes moves across that word until it disappears onto the floor! So inspiring!

For those who love Jesus, there are Biblical parallels here. The words from the Bible in **John 15:13** – **"Greater love has no one than this: to lay down one's life for one's friends"** are all about Jesus who gave His life for our lives.

The shaft of sunlight shining down right on LOVE – made me think of the star of Bethlehem shining down to where the King was born, born through LOVE to give His life for us. John 3:16 – "For God so loved the world that He gave His One and Only Son, that whoever believes in Him shall not perish but have eternal life."

'Lest We Forget' the many who sacrificed their lives for us so we can live in this great country, but more importantly, **'Lest We Forget'** what Jesus did.

Think about it ... God didn't merely like the world, but He loved the world. He loved us so much that He created us, made a way for us, and desired a forever relationship with us.

Because of God's immense love for the world, He gave His one and only Son, because it's only through His death that we can have life.

Believing in Jesus means we choose to trust Him as Saviour and Master of our lives. We cannot earn our salvation, but we can trust The One who saves us. God created us for eternity, but He also gave us the ability to choose Him.

Eternity isn't for the distant future...it's already in motion right now! Let's remember Jesus and choose Him! If you'd like to hear more about Jesus and His love, join us at Withcott Church of Christ in Biggs Road at 9am each Sunday. We'd love to welcome you!

Sandy.

Charging your Devices

Whether you are charging your device at home or in the car, please remember:

- Only purchase lithium-ion batteries from a reputable retailer or supplier and make sure that you follow the instructions that come with the batteries.
 - Only use batteries and chargers specifically designed for your device.
 - Don't overcharge your device.
 - Don't charge your device on a surface that heats up quickly, like your bed or the lounge, if you can put your device on an angle so that the back is able to be ventilated
- (I lean my phone/tablet against the bedside table, charging cable up of course).

• Don't store or leave your device in direct sunlight or in your hot car, yes you may have a 'hot car' but inside the average family car it can very quickly get to over 20deg hotter than the outside temperature.

It doesn't take much for to make our homes, our cars and our workspaces safer.

Stay up to date with the latest by following QFES on social media or visiting www.qfes.qld.gov.au.

Be your own best friend and Be Prepared.

Stay safe everyone.
